CONGRESS CONVENES

Opening Day of the Second Session.

PRESIDENT'S MESSAGE READ.

A Number of Bills Introduced and Referred—Nothing of Any Importance Done in the Senate.

WASHINGTON, Dec. 2.—The continuous hum of conversation rose from the floor of the hall of the house of representatives to the crowded galleries all through the half hour yesterday that preceded the time for the assembling of the second session of the Fifty-second congress. There was a good attendance on both sides of the hall and much good natured badinage about the recent election flew across the central aisle. On the desk of the speaker was a pyramid of flowers, and there were other floral pieces on the desks of Representative Kerr of Pennsylvania, Hohman, Harmer, Flick, Wilson of West Virginia, Atkinson of West Virginia, Vaux and Flower.

One minute before noon the speaker entered the hall and mounted the steps to the speaker's chair. The top of his gavel brought the house to order as the hands of the clock marked noon. Captain Milburn delivered a brief prayer and then the clerk began to call the roll by states.

At the finish of the roll call the newly elected members were sworn in.

A committee was then appointed to wait upon the president and inform him that the house was ready to receive any message he might have for that body.

A recess was then taken until 1:30. During the recess, pages were kept busy carrying into the chamber handsome floral designs, and many desks were completely hidden beneath their perfumed burdens.

At the expiration of the recess the committee (consisting of Mr. Cannon and O'Neil of Pennsylvania and Mills) appointed to wait upon the president, announced that that officer would communicate with congress forthwith. A few moments later, Mr. Pruden, one of the president's secretaries, was announced, the president's annual message was received, and it was immediately read by the clerk.

The reading of the document consumed an hour and a half, and at the conclusion of the reading the Republicans warmly applauded.

On motion of Mr. McKinley, of Ohio, the message was referred to the committee of the whole.

Mr. Morrow, of California, from the committee on appropriations reported the pension appropriation bill and it was referred to the committee of the whole.

Mr. Flower, of New York, introduced a joint resolution directing the secretary of the interior to order the retaking of the New York census. A long preamble to the resolution sets forth the controversy had in this matter between the government and the New York state officials.

Mr. Cummings introduced a resolution of like character.

Mr. Cutcheon, of Michigan, introduced a joint resolution authorizing the secretary of war to issue 1,000 rifles and ammunition for them to the state of South Dakota to enable the state to assist the United States government in protecting citizens and their property against the depredations of the Indians. Other bills were introduced as follows:

By Mr. Townsend, of Colorado, to provide for the free coinage of silver. The bill provides that after its passage the unit value in the United States shall be the dollar, to be coined of 412 1/2 grains of standard silver, or of 25 1/2 grains of standard gold; these coins to be legal tender for all debts, public and private. That hereafter any owner of silver or gold bullion may deposit at any United States mint to be formed into standard dollars or bars for his benefit without charge; but it shall be lawful to refuse any deposit of less than \$100 value.

The bill provides further that any holder of the coin authorized by this bill, may deposit it with the treasurer or any assistant treasurer of the United States, in sums not less than \$10, and receive therefor certificates, the coin deposited for the certificates to be retained for their payment. The bill is to take effect thirty days after its passage.

By Mr. Vandever, to cede the arid lands to the territories and lands in which they are situated, and to provide for irrigation and the protection of forest and pasture lands; also provide for the purchase of a site and the erection of suitable buildings for a military post at San Diego, Cal. The appropriation not to exceed \$700,000.

By Mr. Earline, of Nevada, for the free coinage of silver and the issue of coin certificates.

By Mr. Lodge, of Massachusetts, to regulate immigration.

By Mr. Pickler, of South Dakota, to provide for the free coinage of gold and silver bullion and for other purposes.

By Mr. Buchanan, of New Jersey, appointing commissioners to revise the statutes relating to patents, trade marks, etc. The bill provides that the commissioner of patents and the delegates from the United States to the international conference held at Madrid in 1880, the commissioners to revise the statutes concerning patents, trade and other marks, the statutes so amended to be reported to congress.

By Mr. Pickler, of South Dakota, granting a service pension to persons serving in the army, navy or marine corps of the United States during the war of 1861.

By Mr. Clement, of Georgia, for the free and unlimited coinage of standard silver dollars.

By Mr. Pickler, of South Dakota, providing that no person upon the pension

rolls shall receive less than \$6 per month.

By Mr. Coleman, of Louisiana, appropriating \$9,000,000 to repair and build the levees on the Mississippi river: to afford ease and safety to its commerce, and to prevent destructive floods and improve navigation.

By Mr. McCreary, of Kentucky, to place tin and tin plate, agricultural implements and edged tools, worsteds for men's and women's clothing, under twine, blankets, salt and cotton ties on the free list.

By Mr. Bland, of Missouri, for the free coinage of silver.

By Mr. Carter, of Montana, amending the act of May 26, 1882, authorizing the receipt of United States gold coin in exchange for gold bars, so as to read as follows: "That the superintendent's coinage mints of the United States, a say office at New York may with the approval of the director of the mint receive United States gold coin in sum not less than \$5,000 and pay and deliver in exchange gold bars in value equal to the coin received; provided that the director of the mint with the approval of the secretary of the treasury may impose a charge equal to the cost of manufacturing the bars."

By Mr. Wike, of Illinois, a joint resolution instructing the committee on ways and means to report bills abating all increases in the rates of tariff duties occasioned by the enactment of the McKinley bill, and to place upon the free list, wool, lumber, salt and various other articles of raw material and primary necessities and to provide for a deficiency in the treasury by a graduated tax upon incomes in excess of \$5,000. The committee is also instructed to report a bill to provide for raising all additional revenue that may become necessary for the requirements of the treasury, by reason of a reduction in the rate of tariff duty, as herein contemplated, or to meet any other deficiency in the treasury arising from any cause whatever, by a graduated tax upon all incomes of all persons, corporations, trusts and associations in excess of the sum of \$5,000.

(A preamble to the bill says that the people of the country have at the recent election not only emphatically repudiated the policy and principles of taxation and production embraced in the enactment known as the McKinley law, and have by an overwhelming majority at such elections unmistakably demanded lower taxes and cheaper necessities of life.)

The house then adjourned.

The Senate.

WASHINGTON, Dec. 2.—There was a remarkable attendance in the senate chamber at noon when Vice President Morton called the senate to order. Thirty-eight Republican and twenty-two Democratic senators rose in their places as the chairman, Rev. J. G. Butler, began the invocation. On the desk of Senator Voorhees was a huge floral piece. In the middle of a bed of roses rested a mound of white and purple immortelles, on which were the words: "D. W. Voorhees, Indiana." Surmounting this was a large rooster.

The desks of Senators Harris, Higgins and Saunders were decorated with flowers.

At the conclusion of the prayer, Senator Hoar sent to the desk of the presiding officer the credentials of Senator-elect Carey, of the new state of Wyoming. They were read at length. Mr. Hoar then sent up the credentials of Mr. Carey's colleague, Mr. Warren, which were read. The two senators were then led to the desk of the presiding officer, where Vice President Morton read the oath to them from a printed slip which he held in his left hand. When the oath had been administered orally Chief Clerk Johnson placed the written oath before each of them, and they signed it. Then they walked unescorted to their desks, which are in the last row on the Republican side of the chamber between the desks of Mr. Power and Mr. Higgins.

For several minutes the new senators held a reception and shook the hands of one after another of their fellow-senators.

While this reception was being held, Senator Edmunds offered in succession two resolutions, to which the senate agreed. One of them declared noon the regular hour of meeting and the other directed the secretary of the senate to inform the house of representatives that the senate was assembled. A resolution offered by Mr. Cullom for a committee of two to wait on the president was agreed to.

Mr. Hoar then offered a resolution to proceed to determine by lot to what classes the two new senators should belong. The numbers 1, 2 and 3 were put in a box together and Mr. Carey drew 2 and Mr. Warren 1. The term of Mr. Carey, therefore, will expire in 1895, and that of Mr. Warren in 1893.

The senate then took a recess to 1:30, to await the report of the committee appointed to call on the president.

At 1:50 Vice President Morton called the senate to order. A minute later the committee appointed to wait on the president, Senators Cullom and Harris, appeared in the center aisle, and Senator Cullom announced that the president would communicate with the senate in writing. Executive Clerk Pruden then entered the door and, addressing the presiding officer, delivered the package containing the president's annual message. It was carried to the desk by Capt. Bassett and opened by the chief clerk. Secretary McCook began immediately to read it. Most of the senators of both parties remained in their seats and listened carefully to the reading of the document. The reading of the message occupied one hour and fifteen minutes, and at the conclusion of its reading the senate adjourned.

One Bullet Beats Three.

CHICAGO, Dec. 2.—Jos. Messik went into a barn in the rear of 133 Twenty-first street last evening, and fired three bullets into Jos. Hogan. Then he put the revolver to his own head and sent a ball crashing through the skull. Doctors say that Messik will probably die and that Hogan will recover. The men are brothers-in-law.

FIREMAN KILLED.

Several Others Serious Injured in Philadelphia.

BURIED UNDER FALLING WALLS.

Over a Quarter Million Dollar Loss and Five Hundred Persons Thrown Out of Employment—Several Incendiary Fires at Nashua, N. H.—Other Fire Losses.

PHILADELPHIA, Dec. 2.—Fire yesterday afternoon in the extensive manufacturing establishment of the A. Campbell Manufacturing company, cotton yarns, located on the canal bank at the foot of Robeson street, Manayunk, did damage amounting to \$300,000. One fireman was killed and three others were badly hurt by falling walls.

Charles Snyder, aged 40 years, foreman of engine company No. 16, was buried under a mass of bricks and timbers and instantly killed.

The injured were: Joseph Carter, aged 46, of engine company No. 30, leg crushed; Edwin M. Schofield, aged 28, hose-man; skull fractured, leg broken, and injured internally; and John Colflesh, hose man, injured internally.

Charles Hoskins and William Spencer, who were in an upper floor, succeeded in working their way through the debris to a window and were safely lowered to the ground.

The three upper floors of the building were occupied by Albert Crenshaw, manufacturer of flannels and dress goods. Their loss is \$50,000. The Campbell company lose \$250,000. The losses are probably nearly covered by insurance.

There were about 500 persons employed in the mill, all of whom escaped in safety when the fire started.

Incendiaries at Work.

NASHUA, N. H., Dec. 2.—Fire in Besons's block yesterday afternoon caused a loss of \$60,000. A second fire occurred in C. A. Lefebvre's laundry on Water street, doing \$500 damage.

A dastardly attempt was made last night by incendiaries to set fire to the postoffice building, a kerosene lamp being broken in the out-house, and a fire was started at the basement of the engine house while the firemen were at work outside. Both fires were discovered in time to prevent much loss. There is much excitement over these attempts at incendiarism.

Late last night fire was discovered in the basement of the First Baptist church, an incendiary having broken the back windows, filled a box with inflammable material and applied the torch. The damage was but slight.

The mayor has increased the force of police, and business men will assist in patrolling their own property.

Grain Elevator Burned.

BOSTON, Dec. 2.—W. W. Briggs & Company's grain elevator was burned last night, with 10,000 bushels of corn and 700 bags of meal. Loss estimated at \$25,000.

ELLIS MILLER HANGED.

Another Legal Execution in the Annex of the Ohio Penitentiary.

COLUMBUS, O., Dec. 2.—Ellis Miller, of Union county, was hanged in the annex of the penitentiary here shortly after midnight last night. Miller remained cool and firm to the last, and died with a "God bless you all; I hope to meet you in heaven" on his lips. He dropped seven feet six inches, and did not make a perceptible motion of either arm or leg after the fall. It was twenty-seven minutes after the drop fell before life was pronounced extinct by the physicians, death having resulted from strangulation.

Miller's case was never brought before the state board of pardons, and but little effort was made to save his life after sentence had been pronounced. His crime was peculiarly heartless and cold-blooded, and without any of the circumstances which often mitigate the commission of murder. He had been a cruel husband, dissipated and worthless for many years, and finally in his drunken frenzy drove his wife from home. She took refuge with her sister, who lived near by, and the fact that this sister gave shelter to his wife brought upon her the enmity of Miller. Passing the house Miller met his sister-in-law, and without a word of warning, shot her so seriously that she died within a few hours. His arrest, trial, conviction and finally his execution last night were the result of his bloody deed.

Stole \$1,200 Worth of Diamonds.

NEW ALBANY, Ind., Dec. 2.—The residence of Samuel S. Culbertson, cashier of the First National bank, was entered by a burglar at 10 o'clock Sunday night, and as yet it is impossible to tell how much was stolen. It is known that \$600 in money was taken, but as the members of the family are absent from the city it is not known if Mrs. Culbertson's jewels were taken. The jewel case is missing, and it is known to have contained \$1,200 worth of diamonds. There is conclusive evidence that Charles Hamilton was the thief, as he was employed as coachman. A reward is offered for his capture. He is about five feet ten inches in height and of light complexion. He has left the city suddenly.

Nervy Thieves.

WHEELING, W. Va., Dec. 2.—Saturday night thieves entered the state penitentiary at Moundsville, by scaling the walls with a rope, broke open the broom factory office of Weaver & Bardall, blew open their safe and stole \$15.75, all there was in it, and taking a quantity of valuable stock, leather, fine wire, etc., made their exit the way they got in. All the night guards were on duty. It is supposed the thieves were ex-convicts, who knew all about the interior of the prison. The burglary was not discovered till morning.

BILLIARD CONTEST.

Schaefer Beats Slosson for the World's Championship.

NEW YORK, Dec. 2.—The 800 point, fourteen-inch balk line billiard contest between Jacob Schaefer and George Slosson, which has been the chief topic among billiard lovers for several weeks, took place last night at Chickering hall, in the presence of fully 2,000 persons. The match was for \$1,000 stake money, a silver cup emblematic of the world's championship, and the gate money. Both men appeared to be in good condition. Maurice Daly was referee and Bud Schofield marker.

The game was rather tedious for the first few innings, both men playing very cautiously and appearing nervous. Schaefer, however, woke up in the seventh inning, and after a series of brilliant open-table shots, got the balk together and nursed them for 87 points. Slosson followed, and by careful play rolled up 41. Schaefer thereafter played both a brilliant and steady game and gradually but surely drew away from Slosson, who could not seem to gather himself and do justice.

Score, by innings:
Schaefer—0, 0, 2, 0, 0, 2, 87, 39, 2, 8, 3, 3, 7, 1, 17, 0, 3, 73, 128, 1, 13, 14, 1, 73, 9, 0, 27, 30, 1, 44, 0, 80, 3, 1, 39, 6, 2, 64, 2, 15; total, 800; ave. age, 20; highest run, 128.

Slosson—2, 20, 1, 0, 1, 0, 41, 49, 0, 6, 7, 7, 3, 0, 1, 15, 9, 34, 10, 8, 1, 8, 0, 4, 8, 1, 42, 14, 32, 0, 0, 25, 30, 3, 32, 59, 60, 16, 60; total, 602; average, 15.9-40; highest run, 60.

Time—3 hours and 35 minutes.

SPANISH SMUGGLERS

Carrying Things With a High Hand Along the Florida Coast.

PENNA GORDA, Fla., Dec. 2.—News has just reached here of an outrage committed by Spanish smugglers on the Port Sanitary inspector in Charlotte harbor. His name is Morris Cochran, an appointee of the senate board of health. He boarded a Spanish schooner, and when asked to show his papers the crew seized him and threw him overboard, afterward cutting his boat loose. With much difficulty he reached the shore. The schooner sailed off, and her name could not be learned.

State Health Officer Porter has made an official complaint to the treasury department and the marine hospital service, besides notifying the state department, that Spanish vessels are continually violating international law and treaty obligations by fishing in Florida waters inside the marine league limit. Cuba has placed a high duty on American fish, and this with violations of law has broken the export fish business from Key West, which formerly amounted to \$100,000 or more annually, and the state health board asks for a coast patrol. A revenue cutter is insufficient.

NATURAL GAS EXPLOSION.

A Pipe Line Bursts Affecting the Supply in Several Cities.

DAYTON, Dec. 2.—The accident on the Mercer county pipe line that deprived this city of natural gas two days last week occurred on S. B. Freshour's farm near Covington, Miami county, about twenty-six miles north of here. A section of the twelve-inch main, twenty-one and three-quarter feet, burst with a terrific report that was heard for miles, and the farmers of all that neighborhood were greatly alarmed, fearing a general blow-up.

At the instant of the explosion a great blue cloud of gas shot into the air and spread over the farm like an umbrella. The heavy pipe was ripped its full length, bent into V shape, thrown seventy-five feet up, then falling, buried itself eighteen inches in the ground. The scene was like that of a volcano in eruption, scattering clods of earth and dust and lead from the couplings over the area of an acre, and leaving an open trench or crater nearly one hundred feet long. This left only an eight-inch pipe line to supply Dayton, Piqua, Troy, Springfield, the National mill, home and state insane asylum. The small line being then overtaxed, an accident resulted that still further crippled the supply of these cities and institutions.

RARE SURGICAL OPERATION.

But for the Age of the Patient It Would Have Been Successful.

COLUMBUS, Ind., Dec. 2.—At the city hospital, in this city, at noon Saturday, Alfred N. Blessing, a prominent and influential farmer, died from the effects of a double operation of suprapubic and perineal lithotomy and proctotomy.

The operation, which is the fifth of the kind on record, was performed by Dr. Wishard, of Indianapolis, and Drs. Banker, McLeod, Hawley, Butler and Norton, of this city. A stone the size of a guinea egg was taken, while the entire lining of the organ was found covered by a calcareous substance, which was removed with some difficulty. The extreme age and the advanced stage of the disease were against the patient's chances of recovery, and he passed quietly away.

Mrs. Harrison in Indianapolis.

INDIANAPOLIS, Dec. 2.—Mrs. Harrison, wife of the president, arrived here yesterday and will be the guest of Mrs. R. S. McKee. Thursday Mrs. Harrison will receive informally and Saturday she will attend the meeting of the Katherine Merrill literary club, of which she has long been a member.

Dr. Mary Walker Dying.

OSWEGO, N. Y., Dec. 2.—Dr. Mary Walker lies dying at her farm near Bunker Hill, five miles west of this city. Her condition was not considered serious until a few days ago when a serious change took place, and her physicians have no hope of her recovery. The trouble is said to be heart failure.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

TUESDAY, DECEMBER 2, 1890.

The Com. Con. has voted down the proposition to abolish the office of Commonwealth's Attorney.

The people of Maysville cannot afford to say we refuse to extend any aid to manufacturing enterprises.

REV. HEBER NEWTON, of New York, in his Thanksgiving sermon, referred to pensions as a "serious extravagance." It looks that way when they will require over \$133,000,000 next year.

SOME of the Republican leaders express themselves as determined to press the Lodge Election bill at the present session of Congress. Let them proceed. The passage of such a law would wipe out what little is left of the G. O. P.

With the aid of \$20,000, Maysville ought to, and can, secure new manufacturing enterprises employing at least 200 hands. Placing the average wages of these at \$10 a week, and it means at least \$100,000 a year paid out in this city in wages.

SAID a gentleman yesterday who is here only temporarily: "I am glad to see your city has taken a step in the right direction. You must extend some substantial encouragement and secure new manufacturing enterprises if you ever expect Maysville to be much more than she now is."

The gentleman seemed somewhat surprised when told some citizens were opposed to making the appropriation.

With \$20,000, the city ought to be able and will be able to secure new factories employing at least two hundred hands. That means an addition of about 1,000 to our population; it means more business for our merchants; it means the building of more homes, which means more work for carpenters, brick-layers, roofers and most all classes of laborers; it means an addition to the values of all the real estate in the city. Everybody will be benefited.

PRESIDENT HARRISON and his Secretary of State James G. Blaine differ widely in their views of the McKinley bill. Blaine declared months ago that it would not create a market for another bushel of corn or barrel of flour. The President in his message says it means "larger and better markets for our breadstuffs and provisions both at home and abroad." Who is right? A house divided against itself shall fall.

The Carlettsburg Democrat intimates that the Republicans up that way are taking their revenge on the farmers, whom they honor by the charge of having successfully played the Republican leaders for suckers. The Democrat says: "Since the election the Republican spell binders in this county are mad and fighting mad at the F. and L. Union men. We are informed that Judge Dixon, of Johnson County, would not allow the F. and L. U. to hold a meeting in the county court house, that after they had assembled the Judge went in and ordered them out."

The voting of that appropriation of \$20,000 will not create a debt of that amount at once. It simply gives the City Council the right to donate aid to that extent to secure new manufacturing enterprises, and these new enterprises must be located within the corporate limits. For example: The proprietors of a factory employing from twenty to thirty hands are ready to move their plant here for \$2,000, giving ample security for the performance of their contract. If their proposition should be accepted they would receive the \$2,000 only when they had moved their factory here and had got it in operation. And then only would the \$2,000 be added to the city's indebtedness. The city will not be out anything until she has new enterprises to show for it.

Revenue Collections for November. The internal revenue collections in this the Seventh District for November were as follows:

Liquor	74 33
Beer	289 25
Spirits	97,617 20
Cigars	1,424 70
Tobacco	1,218 82
Special taxes	354 97
Total	\$100,938 47
From December 1, 1890	\$1,796,108 30
Grand total	\$1,897,046 82
Gain over November, 1889	\$1,836 62
Less than first three months last year	\$4,843 86
Deputy Collector Wadsworth reports the following for November:	
Tax paid spirit stamps	\$12,874 50
Cigar stamps	1,008 65
Tobacco stamps	273 62
Special tax	49 68
Total	\$14,204 45

Entitled to the Best.

All are entitled to the best that their money will buy, so every family should have, at once, a bottle of the best family remedy, Syrup of Figs, to cleanse the system when constive or bilious. For sale in 50c. and \$1 bottles by leading druggists.

For the Farmer.

The California fruit shipmen's this year reached 10,000 car loads, or 200,000,000 pounds, worth, it is estimated, \$10,000,000.

The Department of Agriculture says last year the wheat crop of the country was 490,560,000 bushels; this year, 401,118,000. The average yield last year, nearly thirteen bushels per acre; this year, a little over eleven.

Western farmers are likely hereafter to grow more potatoes. One in Iowa last spring planted forty acres. He harvested 5,000 bushels, which he sold for \$3,500. This pays much better than growing grain, says an exchange, but the exchange loses sight of the fact that potatoes usually sell at from 25 to 40 cents a bushel.

The November returns to the Department of Agriculture of rates of yield per acre make the average for corn 19.9 bushels; potatoes, 57.5 bushels; buckwheat, 14.5 bushels; hay, 1.20 tons, and tobacco, 718 pounds. The corn crop makes the smallest yield reported, excepting only that of 1881, which was only 18.6 bushels. That of 1887 was 20.1 bushels. It is 83 per cent. of the average of the last ten years, a period which included four unusually poor years, and only 73 per cent. of last year's crop.

"Straight Goods."

The Portsmouth Blade says: "Louis Roser, Esq., No. 22 Market street, Maysville, Ky., places us under deep obligations for a package of tea—cold tea—marvelous tea. Ah, old fellow, you struck us in a weak spot. We like a good cup of tea occasionally, indeed, we dote upon it. Not many moons since we were in Maysville and desperately hungry. The hotels there may be excellent, but they are not inviting, externally at least. We inquired the way to a first-class restaurant. A genial friend accompanied us to No. 22 Market street, and there we got a glorious meal. The tea was as prime as the cook, and our new-found friend, Herr Roser, was hospitality itself. We can commend him as straight goods, all wool and a yard and three-quarters in width. Maysville, at least, is fortunate in the possession of such an artistic caterer to the wants of the inner man. A man who can successfully win his way to the conscientious approbation of the stomach of the traveling public, is worth more as an advertisement to a town than the possession of a dozen millionaires."

American Millionaires.

According to a table showing the "American Plutocracy," John D. Rockefeller is the richest man in the United States, his fortune being placed at \$135,000,000. W. W. Astor comes next, with \$120,000,000; Cornelius Vanderbilt next, with \$90,000,000; Jay Gould, \$75,000,000; Henry M. Flagler, \$60,000,000; Charles Pratt, \$55,000,000; William K. Vanderbilt, \$50,000,000; John H. Flagler, \$40,000,000. Four men manage to keep track of \$35,000,000, while eight men and two women—Mrs. Elliott F. Shepard and Mrs. W. H. Vanderbilt—each has a fortune of \$30,000,000. In the \$25,000,000 list there are seventeen names, while nineteen people make up the \$20,000,000 list. Twenty-two people are worth \$10,000,000 each, twenty-eight could write checks for \$5,000,000, if in a pinch, and fifty-five manage to eke out an existence on fortunes of \$3,000,000.

Bonds for Sale.

Ten \$1,000 bonds of Maysville Water Company. Issued in 1888 and have eighteen years yet to run, but payable at option of the company after 1898. They bear interest at 6 per cent. per annum, payable semi-annually—May 1st and Nov. 1st. Refer to James Barbour, President of Bank of Maysville, for information. MAYSVILLE WATER COMPANY.

Aberdeen Letter List.

List of letters remaining in Aberdeen postoffice for the month ending November 30, 1890:

Turning White.

Some time ago Henry Robinson, colored, of this city, noticed some small white spots on his left leg. They have grown until the entire left side of his body is now white.

Statement from Mrs. Anna M. Case. ABERDEEN, OHIO, Dec. 1st, '90.

I wish to say in justice to Dr. Guthrie, also myself, that the statement of C. B. Case in the BULLETIN of the 27th ult. is false from first to last, as no such conversation ever took place between us. Mrs. ANNA M. CASE.

City Taxes.

Thursday, Dec. 4th, is the last day to pay taxes. R. A. COCHRAN, Treasurer.

VERY APPROPRIATE

The Kentucky Home Cook Book—New and Revised Edition.

This book has become so popular that no introduction to the public is needed. It is a book of receipts contributed, after tests proving their excellence, by Kentucky ladies, which is a guarantee of its merit.

The receipts have been compiled under the auspices of the Mite Society of the M. E. Church, South, Maysville.

It has become very popular and is having a large sale.

It is a very appropriate and suitable thing for a Christmas present to a lady. Price, \$1.50.

It may be found at: Kackley & McDougle's, Second street; J. C. Pecor's drug store, Second street; Miss Lou Powling's millinery store, Second street.

Orders will receive prompt attention if addressed to Mrs. ALLIE BASCOM, Secretary, Maysville, Ky.

OUR NEIGHBORS.

GERMANTOWN.

By invitation of our fellow citizen, S. D. Rigdon and wife, quite a goodly number of young people, with a few married ones, assembled at their residence last Friday evening to meet and form the acquaintance of Mr. Brooks, a worthy young man of Cincinnati, who has been the guest of the family for several days. After some time spent with music, games and other amusements the company were invited to the spacious dining room to sit down to a table well filled with all the luxuries of the season, golden up and served in that elegant style for which the lady of the house is greatly noted. So pleasantly did the hours pass that it was near midnight before the company separated, each one feeling that it was good to be there, and with pleasant memories of the family and their honored guest.

MT. GILEAD.

H. B. Dobyns is clerking for Higgins & Co. Jacob Thomas was in Maysville one day last week on business.

Clarence Dobyns was at Mt. Carmel last Saturday on business.

Elder T. V. Dobyns thinks of moving to Lexington this winter.

Mr. Wood, of Maysville, was the pleasant guest of G. L. Dobyns last week.

We have a valuable accession to our neighborhood in the person of Charles Turner.

Miss Lizzie Bramel has returned home from Orangeburg where she has been visiting friends and relatives.

The sale of Mrs. Franklin Cooper, near Orangeburg, was well attended, notwithstanding the inclement weather.

Several hunters of Maysville were in our midst last week. They succeeded in getting about one hundred dozen of the pest.

Charles Roe, of Orangeburg, and Miss Fannie Bramel, of this place, were united in the holy bonds of matrimony November 20th. We wish them a long and happy life.

JERSEY RIDGE.

Too late to kill hogs.

Mrs. Joseph Slack has been very ill for several days.

Mr. and Mrs. Dan Adams, of Slack P. O., visited relatives here Sunday.

Mrs. Wesley Viceroy and daughter, of Maysville, visited friends on the Ridge Sunday.

Mr. W. L. Moran contemplates starting a store about Christmas at his place in Moransburg.

Mrs. N. H. Richardson has been suffering for several weeks with a painful disease of the eye. She is not much better.

Messrs. Joseph Richardson, Sr., and Jr., took a big hunt in Ohio last week and brought home a number of rabbits and birds.

Last Saturday night, after the S. of T. of Lawrence Creek had closed their meeting, some miscreant threw a stone through the window breaking two panes of glass and the shutter.

The leopards people will make it not for somebody, if they find him out.

CHRISTMAS GOODS!

I desire to inform the public that my line of MILLINERY GOODS is complete in all its branches, and my prices are the lowest. I have also a nice stock of holiday goods that will be sold cheap for cash. MISS LOU POWLING, d1d1m January Block, Second street.

FIRST ONLY!

FIRST IN LOW PRICES.

FIRST IN QUALITIES.

FIRST IN THE INTERESTS OF THE PEOPLE.

We are the first in low prices because we have the advantage of getting quantity discounts, in addition to cash discounts, and give our customers the benefit of these.

We are first in qualities because we have the whole field of manufacturers to select from; we cull from the very best of these, and the world cannot surpass them. This makes us first hands to the people—we are no "middle man"—our customers get from us the benefits of the profits of the "middle man." We do not buy of jobbers. We know no middle condition. The "middle man" is a relic of the moss-covered past.

We are first in the interests of the people because our system, from which we never vary, of necessity works to their interest. Our unalterable rule is cash and one price. We treat all alike in respect to prices. We charge Mr. Smith, who has no Bank account, just the same for a pair of shoes that we charge Mr. Jones, the coupon clipper, for a similar pair. We do not burden the people with debts. We have no credit customers of the "good" class to saddle with percentage for delinquencies, making them carry our bad debts.

We have no shelf-worn goods, no "crabs" or "trash."

Our goods are new; we do not permit them to get old—our prices force them to go.

The cheapest, the newest, the best. Come and see us; we will save you money.

DAVE ROLLINS was jailed yesterday at Cynthiana for shooting Arthur Fletcher, mention of which was made some days ago. Fletcher died from his wounds. Wm. Routt and Sam Lilly are also under \$4,000 bond to answer for the shooting.

JAMES HOND and Fannie Bush, a colored couple, appeared in the County Clerk's office Saturday and made oath that they had lived together as husband and wife for thirty years, and intended to continue such relation. The matter was entered of record as provided by law.

The Railways.

Gross earnings of the Pennsylvania lines east of Pittsburgh and Erie from January 1 to October 31, were \$55,237,072, an increase of \$4,710,692.

It is reported in Wall Street that negotiations are in progress between President Ingalls, of the C. and O., looking to the establishment of a direct line of steamers from Newport News to Liverpool, England.

The earnings of the Chesapeake and Ohio for the third week of November show an increase of \$11,942.53 over those for the corresponding week of last year. The figures are:

1890	\$133,962.49
1889	144,908.00
Increase	\$11,945.51

The Schenectady Locomotive works are to-day second only to the Baldwin works of Philadelphia. The latter have a capacity of two engines per day, while the Schenectady works are turning out nine engines per week at present, and expect soon to reach twelve per week. They are running night and day with a force of nearly 2,000 men. To demonstrate the remarkable revolution that has taken place within a very brief period in the manufacture of railroad locomotives it can be stated that less than twenty years ago it took a "gang" from twenty-eight to thirty days to turn out an engine in the Schenectady works, where to-day thirty-eight are turned out in one month.

Here and There.

Mr. W. R. Key and wife have returned from their bridal trip.

Mr. R. S. Tarr, of Bourbon County, is visiting Mr. James Shackelford.

Mr. and Mrs. Frank Dorsey, of Ohio, are the guests of Mrs. Jno. Dinger.

Mr. Fred. Shackelford has returned to Lexington, after spending Thanksgiving with relatives in this city.

Judge Joseph M. Alexander, of Sharpshurg, is spending the week here with his nephew, Sheriff Alexander.

Miss Anna F. Cluney, who has been visiting her parents here, returned to her home at Louisville yesterday.

Mrs. Basil Duke, of Bloomington, Ill., left for home this morning, after spending several weeks here with her parents, Dr. and Mrs. J. P. Phister. Her mother has been quite ill for some time, but is much better and is improving.

Captain John T. Martin and wife returned yesterday from Lexington, where they attended a re-union of his father's family on Sunday. It was the first time in many years when all the members of the family were gathered together around the fireside, and the occasion was one of joy and happiness to all present.

Kentuckians as Fighters.

Professor N. S. Shaler, in his ethnographic researches, sought the record of a body of troops whose ancestors had been for many generations upon American soil, and he found it in the first brigade of Kentucky troops (Confederate). In Scribner's he says: "On May 7, 1864, this brigade, then in the army of General Joseph Johnston, marched out of Dalton, 1,140 strong, at the beginning of the great retreat upon Atlanta before the army of Sherman. In the subsequent hundred days, or until September 1, the brigade was almost continuously in action or on the march. In this period the men of the command received 1,800 death or hospital wounds, the dead counted as wounds, and but one wound being counted for each visitation of the hospital. At the end of this time there were less than 50 men who had not been wounded during the hundred days. There were 240 men left for duty, and less than 10 men deserted. A search into the history of warlike exploits has failed to show me any endurance of the worst trials of war surpassing this."

Held Over.

Thomas Carr, of Chester, charged with breaking open a C. & O. freight car and stealing a lot of oysters, cigars and other goods, had his examining trial yesterday afternoon and was held to answer at the next term of the Circuit Court. In default of bail in the sum of \$300 he was sent to jail.

Thomas Cummins, also of Chester, was arrested this morning on a similar charge, and will be given a hearing to-morrow morning.

Will Be Withdrawn.

Just before going to press it was learned—and the BULLETIN is authorized to so state—that the Commercial Club will request the City Council at the regular meeting Thursday night to repeal and withdraw the ordinance submitting to a vote of the people the issuing of \$20,000 in bonds for the purpose of inducing manufacturers to locate here.

Got What He Deserved.

Hord Loughridge, colored, was tried yesterday before Mayor Pearce on a charge of resisting an officer. He was adjudged guilty and his punishment fixed at a fine of \$50, and imprisonment for sixty days. The accused is the negro who beat up Deputy Marshal Bland a week or so ago.

ARE you looking for a coal vase or a fire el? If so go to the Frank Owens Hardware Company's establishment, where you will find a large and elegant stock to select from.

The man Davis who robbed a C. and O. brakeman and conductor and then burglarized the Russell postoffice, mentioned a few days ago, was captured at Lexington with the stolen property on his person.

TO HOUSEKEEPERS—Why use foreign-made flours when you can secure better satisfaction and sustain a home enterprise by using "Old Gold Patent" and "Mason County Fancy Flours?" Ask your grocer for these brands. 213t-eod 11w

Two rich Cincinnatians have tendered that city \$50,000, the interest of which is to be used in giving free concerts at Elen Park Sunday afternoons. But the donation has one condition attached, and that is, \$25,000 additional shall be given by other parties.

DULY & BALDWIN, insurance agents, represent the Royal, Aetna, Franklin, American, Quaker, North British and Mercantile, Springfield, Insurance Company of North America, Fire Association, Commercial Union and the Phoenix of London. 11

In the list of Kentuckians whose names have recently been placed on the pension roll are: John King, Elizaville; Basil B. Applegate, Tollesboro; Daniel Call, Burtonville; Ambrose D. Osen, Rectorville; Geo. W. Foreman, Burtonville, and Mason Applegate, Popular Flat.

CONFERENCE LODGE No. 52, F. and A. M., elected officers last evening as follows: W. M.—Geo. Schwartz. S. W.—Ed. Browning. J. W.—Win. Grant. Treasurer—Geo. W. Rogers. Secretary—Geo. W. Sauer. S. D.—A. H. Thompson. J. D.—Robt. Owens. Tyler—Wm. P. Coons.

MR. C. N. DUNLAP has been appointed Passenger and Freight Agent of the C. and O. at Ironton and left last evening to enter upon his duties. He has held a position in the company's offices in this city the past year or so, and during his stay won scores of friends by his gentlemanly conduct, who regretted to see him leave.

PROFESSOR M. H. SMITH, formerly Principal of the Maysville Literary Institute, arrived last evening from his home at Suffield, Conn., and is receiving a cordial welcome from his legion of friends. He is here to deliver the address at the silver anniversary of Maysville Commandery No. 10, K. T., to-morrow night, and will remain in the city several days. He is the guest of Colonel Frank S. Owens.

MINER'S MAXIMS

A good UNDERSTANDING is the foundation of knowledge.

A wise man is, therefore, known by his Shoes.

The men who buy their Shoes at MINER'S are all wise. They have cut their Wisdom Teeth, and having profited by experience, never think of buying Shoes elsewhere.

Once people bought Webster's Dictionary and thought that because it lay upon their parlor table that they would absorb knowledge without effort, much the same as we inhale the atmosphere.

Other people take a college course for the purpose of securing knowledge.

Now-a-days people who wish to be truly wise carefully read Miner's Maxims, and the nuggets of virgin truth there found widen their horoscope of ideas and they secure knowledge without price.

They also secure GOOD SHOES at a fair price and thereby improve their understanding.

58 YEARS SELLING GOOD SHOES. INCOMPREHENSIBLE.

Why you will exchange your old sewing machine and pay a difference of \$40 or \$50 when you can have it repaired and made as good as new? All kinds repaired and warranted. Twenty-five years experience. Leave orders with E. H. Thomas, 39 Second street, custom boot and shoe store. H. M. WILLIAMS, Adjuster.

Webster's International Dictionary,

Legitimate successor of the famous Webster's Unabridged, thoroughly re-edited in every detail and vastly enriched in every part, into what the entire Supplement of the Unabridged has been woven, containing new matters since 1844. Price—with Wire Stand, \$13; with Noyes' Patent Stand, best in the world, \$18. Every family should have one.

After January 1, you will have to pay \$50 for a set of ENCYCLOPEDIA BRITANNICA. Place your order now. We will deliver them when you want them for \$36.50.

Builders, contractors and housekeepers, don't forget that we keep all kinds of Building Paper, Straw Board, Tar Board, Rostin Board, O. K. Cement Papers and Carpet Papers.

Christmas is coming soon, and we will be headquarters. Give us a call.

SIoux ON THE MOVE.

The Stampede of the Rosebud Indians Complete.

MARCHING INTO BAD LANDS.

They Will Then Probably Halt and Defy the Soldiers to Stop Their Ghost Dancing—Many Horses and Cattle Stolen by the Marauders.

PINE RIDGE AGENCY, S. Dak., Dec. 2.—The stampede of Rosebud Indians is now complete. Emboldened by the inactivity of the military, the Sioux from the old Spotted Tail agency have crossed White river and are moving north along the stream to the hills. The redskins are so near the Bad lands it would not take them long to get into the barren fastnesses at the first approach of the troops, and by traveling slowly along the river they can get good grazing for their stock.

In their stampede the Indians have swept all the ranches in the White, Clay, and Wounded Knee country. Hundreds of horses and bees have been stolen. One of the Rosebud police officers, who has been following the big band of marauders had his horse shot from under him. Many of the Little Wound's people are with the Rosebuds. Little Wound is not with the party, which is now reported to be 4,000 strong. The troops have not yet received orders to move on the marauders.

These Bad lands begin at the mouth of Wounded Knee creek, of which so much has been heard of late, and which is the gathering point for all these hostiles and where the ghost dance started upon this reservation. They run 110 miles northeast to southwest and fifty miles east to west. It is an utterly barren region of precipitous canyons and fantastic and ghostly formations. Few white men are acquainted with the region, the Indians, however, knowing it thoroughly. The fact that it is possible for the Indians, when once established there as they now are, to continue making raids upon the settlers adjoining the Bad lands, will certainly, it would seem, induce the soldiers to push into the region after this big thieving band of rebels, notwithstanding the fearful chances to be incurred.

The scouts that brought information concerning this latest plan of the hostiles also said that the latter had just slaughtered 500 head of government cattle and 300 belonging to Governor Mellette, of South Dakota. The scouts saw this beef being hauled in wagon and pack trains to the new camp in the Bad lands. Many wagon loads of flour and other provisions that had been stolen from the settlers were also headed for the region of death.

Gen. Brooke has just received a telegram of 700 words from Gen. Rucker warning him that 300 lodges, about 1,000 warriors, of Cheyennes were coming from Cheyenne agency to join the hostiles near here. The Sixth cavalry, en route from Albuquerque to Fort Heald, have been ordered to stop at Fort Sill, where another ghost dance fever has broken out.

Settlers Getting Scared.

St. Paul, Minn., Dec. 2.—A special from Dickinson, N. Dak., says: The Indian troubles are causing much alarm to the settlers at remote places west of here. Citizens of Belfield, twenty miles west, were surprised yesterday to see settlers with their families coming in from all directions. They were all very scared, having heard that the Indians were camped on Grand river, fifty miles south. The situation was so alarming that a leading citizen arrived here from Belfield to consult with the authorities and learn the truth of the situation.

There is good authority for saying that bands of Indians are congregating on the Grand river and are acting suspiciously. The alarm among the women and children at Belfield is such that they won't be comforted only when the men keep in bodies to watch. A mass meeting was held there yesterday and a delegation will be sent to confer with the governor. This place is contiguous to an extensive stock country consisting of several ranchmen, several miles apart. Should the Indians commence depredations they could cause great havoc. A mass meeting is called at the court house here to-morrow night to take action looking toward protection.

Two Indians Lynched.

MINNEAPOLIS, Dec. 2.—The Journal's Chamberlain, S. Dak., special says: Two squaw men living on Bad river were lynched several days ago. Cattle stealing has been going on, and investigation pointed to the squaw men as the guilty parties. The vigilance committee has been carrying things with a high hand for some time, and there is considerable excitement.

Crossing the Boundary.

WINNIPEG, Man., Dec. 2.—It is probable that the Canadian Indians are aware of what the Indians in Dakota and Nebraska are doing at the present time and that they are cognizant of the Messiah craze. The Sioux Indians at Regina say they are all going to move to the other side of the boundary because all the Sioux had to meet at a certain place.

Holding Troops Ready to Move.

CHEYENNE, Wyo., Dec. 2.—Col. Olney, of the Seventeenth infantry, stationed at Fort Russell, received orders last night from the department commander to have his men equipped for winter service and in readiness to move at once. The supplies and camp equipment of the regiment were sent to Rushville a week ago.

Buffalo Bill's Long Ride.

MANDAN, N. Dak., Dec. 2.—Buffalo Bill and White Beaver, the famous scouts, reached here in a driving snow storm. They had ridden nearly one hundred miles since Saturday afternoon. They refuse to communicate news, except that Sitting Bull's braves are still dancing and sullen.

The Weather.

Light snows; northerly winds; colder; cold wave.

SCHOOL NOTES.

D. VER SCHOOL NO. 2.

Here we found a school with a city air about it. A fine brick school house, commodious and well arranged, with three large rooms occupied by Professor R. H. Dodson and Miss Lettie Evans. The trustees are J. J. McMillan, John S. Wilson and Samuel Mowers.

Professor Dodson is a teacher with eleven years' experience and knows well how to conduct a school in the most approved manner. His school is composed of excellent material. Classes in U. S. History and in physiology gave excellent recitations showing by the readiness with which they answered questions thorough familiarity with the subject before them. The order and deportment of this school were all that can be desired. He governs with firmness, but with kindness and the relation seeming to exist between teacher and pupils showed they were in perfect accord.

Miss Lettie Evans is the assistant and has a large room, filled by her pupils. She has her hands full and is a conscientious, laborious teacher. Indeed it is a matter of wonder how she gets through with all the work devolving upon her within the prescribed time for school exercises. In her room were 56 scholars, but perfect order reigned. She reports very favorably of the deportment of her scholars. We had a recitation by a reading class; a class in primary Geography rendered very interesting by an outline drawing on the blackboard of the continents of North and South America, giving outlines of the land surface, bodies of water &c. Miss Evans is kept under a severe strain upon the nervous force and it would be a good thing if a sub-assistant were provided to relieve her in part of her work.

D. VER SCHOOL NO. 106, COL. RED.

This is an excellent school taught by Miss Florence Taylor who is thoroughly versed in modern methods of teaching. Her scholars showed good progress. We were very much interested to hear the children sing several songs, which is an admirable exercise to divert and rest the scholars. Several recitations from memory—one very good imitation of Bryant's "The Melancholy Days Have Come."

Miss Taylor is doing good work and she is performing a good work for her people. The education and cultivation of the colored race is an important factor in our national welfare.

Proceeding on our journey, as the evening shades began to deepen, we drew aside from the main road and reached the hospitable home Mr. Geo. Broshewe, where we were most kindly entertained until after breakfast next morning, when we resumed our journey, Minerva being our objective point.

MINERVA SCHOOL NO. 3.

The trustees of this school are Wm. King, Thos. Byar, J. H. Watson, Jas. Drake, Sam. Frazee, a larger board than required by the law, but all the better if it increases efficiency in trustee work.

Mr. Clarence Boyd is the male teacher. He is a college graduate and a very accomplished gentleman. His school is composed of well advanced scholars, and nothing but praise can be spoken of their deportment and attention as well as recitation. We had a recitation in Ray's Higher Arithmetic, reduction of compound decimal, which is difficult work. The problems were readily solved and lucid explanations were given. No preparation can be made for my visit to the schools because I think it a good plan never to announce my visit in advance, to any school.

In a room adjoining we found it well filled with young children. This department is under the charge of Miss Bettie Donovan. We heard recitations in reading embracing all the readers to the sixth. A class in arithmetic—all these recitations were good. Miss Donovan has her school under exceedingly good control and it was really a matter for surprise that fifty young pupils could maintain such good order. Miss Donovan rules with firmness, but kindness, and I failed to see that monitor and sometimes persuader of recalcitrant youth, which is usually a convenient growth in the school yard, nature seeming, kindly, to provide a remedy for every defect. But, its absence was agreeable to me than his presence. Miss Donovan uses written examinations which I hope to find in use by all the teachers.

MINERVA SCHOOL NO. 105.

This school is in charge of Miss Marilla Taylor who is teaching her first session. She is an educated and well trained teacher and evidently acquainted with modern methods. The recitations we heard were altogether satisfactory. The school labors under great disadvantage from not having a suitable house and playground. The house occupied is altogether inadequate and the scholars can not do as well as otherwise they would, while they are crowded too closely. The small cabin stands upon borrowed ground—so this arrangement will cease speedily.

No Place Else to Go.

[Washington Mirror.]

There lives out in Joe Cannon's district in Illinois an old farmer who is a zealous Republican—one of the red-hot partisan stripe. When he heard of Cannon's defeat, he said to his wife, who is one of those women who obey their lord and master blindly:

"Mary, pack up everything. I'm going to move."

"Why?" asked Mary.

"Because Joe Cannon is beat and I won't live in a Democratic district."

"Very well," said Mary, with a little resigned sigh.

Then the old man went to town to sell his farm. There he heard all the election news. He returned home, and entering the house said:

"Mary, you can quit packing up. I ain't a-going to move."

"Why?" inquired Mary.

"Because," he replied sadly, "there's no place to move to."

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.
